## Subject Index

Acanthosis nigricans, insulin resistance 667

### Allergy

food allergy, Finnish children 815

vasculitis, coeliac disease 1051

Alpha<sub>1</sub>-antitrypsin, liver disease 993, 1001

### Atopia

serum immunoglobulin E, follow-up 489

Auditory brainstem response 711

### Bacteriology

bacterial infections, white blood cells 775

bacterial colonization, newborns, intensive care unit 779

*Clostridium difficile*, diarrhoea 275

complications, generalized BCG-itis 471

*Escherichia coli*, enterotoxigenic, diarrhoea 279

*Escherichia coli*, colonization of upper jejunum 457

gentamicin, ampicillin, suppression of faecal flora 559

*Kinella kingae* 511

lactotransferrins, bacteriostatic effects 979

*Staphylococcus aureus*, cystic fibrosis, treatment 821

Bartter's syndrome 1031

Bile acids 91, 563, 763

### Bilirubin

phototherapy 293, 763

reserve albumin, binding, newborns 415

supplementary feeding, jaundice 759

treatment of hyperbilirubinaemia 85

### Blood

antihæmophilic factor A, inhibitors 1019

erythroblastosis foetalis, hemoglobinuria 231

erythroblastopenia, transient 689

erythropoiesis, reactivated fetal 1013

erythropoiesis, thrombopoiesis, humoral regulation 769

erythropoietin, premature infants 75

hemolytic uremic syndrome, plasmapheresis, hemodialysis 243

hemolytic disease, ABO 507

hemolytic disease, Rh-antigen C<sup>w</sup> 703

hemostasis, obesity 479

idiopathic thrombocytopenic purpura, treatment 467

leukemia, incidence in Sweden 887

leukemia, cranial computed tomography 257

leukemia, lymphocytic, ataxia-telangiectasia 509

lymphoproliferative disorders 325

polycythaemia, newborns, prognosis 629

thrombocytopenia, male predominance 1029

white cells, bacterial infections 775

### Breast feeding

amount of milk consumed 953

mothers with premature infants 661

prophylaxis for otitis media 567

supplementary feeding, jaundice 759

transient lactational crises 447

### Bronze baby syndrome

409, 415

### Cardiovascular system

arterial blood pressure, serum lipids 235

arterial blood pressure, newborns, method 791

arterial blood pressure, newborns, oxygen tension 365

arteritis, giant cell reaction 863

cardiorespiratory function, physical training 987

congenital heart disease, available oxygen 329

coronary heart risk factors 609

hypertension, newborns, intraventricular hemorrhage 537

intraventricular hemorrhage, premature infants 375

systolic time intervals, newborns 745

### Chondrodysplasia

353

Chronic granulomatous disease 327, 869, 915

### Chromosomes

trisomy 21, redox system 589

### Cyclical vomiting

675

### Cystic fibrosis

adrenogenital syndrome 339

incidence and survival 197

meconium screening 827

parotid saliva 321

renal function 833

screening, immunoreactive trypsin 621

staphylococcus infection, treatment 821

trace metals 203

### Cystinosis, child development

1007

### Diabetes

antibodies, organ-specific 223

hemoglobin A<sub>1c</sub>, metabolic control 217

incidence in Sweden 7

incidence in Finland 893

infants of diabetic mothers, metabolism 19, 27, 33

infants of diabetic mothers, circulatory adaptation 209

infants of diabetic mothers, hypocalcemia 573

infants of diabetic mothers, adrenaline, noradrenaline 941

lipoproteins 15

mongolism, diphenylhydantoin therapy 523

postmenopausal remission 901

### Diencephalic syndrome

857

### Down's syndrome

- diabetes mellitus 523  
transient leukemia 699
- Endocrine system**
- acromegaly, irradiation treatment 851
  - adrenaline, noradrenaline, diabetic mothers 941
  - adrenal hypoplasia, x-linked congenital 947
  - Cushing's disease, treatment 1
  - ciproheptadine, insulin response to glucose 485
  - cystic fibrosis—adrenogenital syndrome 339
  - growth hormone during constant rate enteral nutrition 287
  - growth hormone deficiency, gonadotropin responsiveness 579
  - growth hormone deficiency, mitochondrial cytopathy 693
  - growth hormone deficiency, Silver-Russell syndrome 1035
  - growth, acceleration with fluoxymesterone 929
  - hypocalcemia, infants of diabetic mothers 573
  - hypoglycemia, autoimmunity to insulin 343
  - hypothyroidism, congenital, screening 39
  - hypothyroidism, congenital, HLA 919
  - Kallmann's syndrome, diagnosis in infancy 937
  - pituitary-adrenal function, premature infants 425
  - prolactin during constant rate enteral nutrition 287
  - testicular function, premature infants 425
  - vasoactive intestinal peptide 71, 721
- Enzymes**
- dihydrolipoyl dehydrogenase deficiency 167
  - erythrocyte superoxide dismutase, trisomy 21, 589
  - glutathione peroxidase 327
  - N-acetyl-B-D-glucosaminidase, urinary tract infections 1033
  - ornithine transcarbamylase deficiency 671
  - pyruvate carboxylase—decarboxylase, lipoamide dehydrogenase 263
- Epidermolysis bullosa 155
- Foetus**
- immunoreactive trypsin 849
  - respiratory control 529
- Gastroenterology**
- coeliac disease, family study 625
  - coeliac disease, cutaneous vasculitis 1051
  - diarrhoea, etiology, Swedish infants 909
  - diarrhoea, *Clostridium difficile* 275
  - diarrhoea, *Escherichia coli* 279
  - diarrhoea, colonization of upper jejunum, E-coli 457
  - experimental aganglionosis, myoelectrical activity 635
  - gastric and duodenal content, osmolality 799
  - lactotransferrins, faeces 979
  - milk fat bolus obstruction 691
  - necrotising enterocolitis, indomethacin 1031
  - Glycosaminoglycans 353
  - Goldenhar's syndrome 685
  - Granulomatous giant cell arteritis 863
- Growth**
- epiphyseal cartilage 353
  - essential fatty acids, role of 1037
  - inhibition as feature of low birth weight 645
- intruterine retardation 651  
promotion by fluoxymesterone 929  
pseudohypoparathyroidism and hypothyroidism 657  
skeletal development 353
- Hallerwörden-Spatz disease 1045  
Histiocytosis X 681  
Hypophosphatasia 517
- Immunology**
- antibodies against *E. coli*, human milk 313
  - antibody response vaccination, splenectomy 451
  - antinuclear antibodies, juvenile rheumatoid arthritis 615
  - autoimmunity to insulin, hypoglycemia 343
  - BCG-itis, complications 471
  - BCG infection, generalized 161
  - factors in stored colostrum 143
  - human milk, anti-infective properties 441
  - immunoglobulin E, atopia 489
  - immunoglobulin, group B streptococci 639
  - infant feeding, cow's milk, soy products 43
  - killer cell activity, newborn infants 431
  - neonatal varicella, leukocyte transfusion 147
  - Rhesus antigen C<sup>w</sup> 703
- Infectious diseases**
- BCG infection, generalized 161
  - BCG infection, complications 471
  - cytomegalovirus infection 109
  - diagnosis, complement C9 and factor B 845
  - hepatitis B
  - mononucleosis, Kawasaki disease 843
  - neonatal varicella 147
  - osteomyelitis, *kinella kingae* 511
  - otitis, otalgia 705
  - rubella, carpal tunnel syndrome 1025
- Kallmann's syndrome 937  
Kawasaki disease 141
- Lactotransferrins 979
- Lipids**
- apolipoproteins, diabetes 15
  - apolipoproteins, neonates 239
  - genetics 805
  - oral administration, newborns 923
  - serum lipids, hypertension 235
- Liver**
- bile acids, obstructive jaundice 91
  - bile acids, hepatic dysfunction in newborns 563
  - juvenile cirrhosis, alpha<sub>1</sub>-antitrypsin 1001
  - neonatal cholestasis, alpha<sub>1</sub>-antitrypsin 993
- Lupus erythematosus, treatment with plasma exchange 347
- Malformations**
- multiple congenital abnormalities 335
  - primidone and phenobarbital 301
- Maple syrup disease 167
- Metabolism**
- congenital lactic acidosis 167
  - enteroinsular hormones, premature infants 379

- fatty acid oxidation, hypoglycemia, newborns 53  
injection of fat emulsion, newborns 53, 63  
kallikrein-kinin system 965  
lipids, oral administration and glucose homeostasis 923  
obesity, hemostasis 479  
oxygen consumption, newborns 63  
phenylketonuria, tetrahydrobiopterin 859  
pyruvate metabolism, necrotizing encephalomyopathy 263  
salt and water absorption, sucrose 103  
transepidermal water loss 191, 369  
vitamin D, hypophosphatasia 517
- Methodology**
- artery catheters 323
  - blood pressure, oscillometric method 791
  - bronchial intubation technique 151
  - clonidine, screening for growth hormone deficiency 847
  - immunoradiometric assay, antibodies, factor A 1019
  - latex agglutination test, streptococcal antigens 145
  - nasal prongs 142
  - open lung biopsy 711
  - spirometers and flowmeters 253
  - transcutaneous bilirubinometry 593
- Milk**
- amount consumed 953
  - antibodies against *Escherichia coli* 313
  - anti-infective properties 441
  - human milk protein enriched mother's milk 597
  - maternal diet, fatty acid pattern 959
  - stored colostrum, immunologic factors 143
- Mitochondrial cytopathy 693
- Mucocutaneous lymphnode syndrome 141
- Myopathy, myogenic, non-dystrophic 881
- Nephrology**
- cystitis cystica 247
  - Hemoglobinuria, erythroblastosis foetalis 231
  - IgA glomerulonephritis, renal function 735
  - nephrotic syndrome, familial 753
  - renal function, cystic fibrosis 833
  - urinary tract infections, N-acetyl-B-D-glucosaminidase 1033
- Nervous system**
- beta<sub>2</sub>-microglobulin, cerebrospinal fluid 325
  - carpal tunnel syndrome, rubella 1025
  - cerebrospinal fluid, ferritin 97
  - cranial computed tomography, leukemia 257
  - diencephalic syndrome, macular degeneration 857
  - dyskinetic cerebral palsy 543, 551
  - dystonia and dyskinesia 177
  - headache, prevalence, schoolchildren 135
  - intraventricular hemorrhage premature infants 375, 537
  - minimal brain dysfunction, screening 121
  - myopathy, non-dystrophic, myogenic 881
  - necrotizing encephalomyopathy, enzymes 263
  - neonatal seizures, brain oedema, tomography 873
  - neuroaxonal dystrophy 1045
  - phenylketonuria, progressive neurological disorder 859
- Newborn infants
- apolipoproteins 239
  - arterial blood pressure, oxygen tension 365
  - asphyxia and Caesarean section 403
  - bacterial colonization, intensive care unit 779
  - blood pressure measurement 791
  - chlorpromazine, hypoxia 399
  - circulatory adaptation, diabetic mothers 209
  - fat emulsion, effect of injection 53, 63
  - ferritin, cerebrospinal fluid 97
  - hemoglobinuria, erythroblastosis foetalis 231
  - hemolytic disease, Rh-antigen C<sup>w</sup> 703
  - histamine, respiratory disorders 663
  - hydrops of the gallbladder, cholelithiasis 839
  - hyperbilirubinaemia, treatment 85, 763
  - intracranial hemorrhage, urea cycle 671
  - killer cell activity 431
  - left ventricular function, systolic time intervals 745
  - plasma amino acids, feeding 385, 391
  - polycythaemia, late prognosis 629
  - respiratory control 529
  - seizures, brain oedema, computed tomography 873
  - serum bile acids, hepatic dysfunction 563
  - sudden infant death 183
  - supplementary feeding, jaundice 759
  - suppression of faecal flora, gentamycin, ampicillin 559
  - thyroid screening 39
  - transepidermal water loss 191, 369
  - varicella 147
  - vasoactive intestinal peptide 71
- Nutrition**
- infant feeding, cow's milk, soy products 43
  - infant feeding, zinc and copper 785
  - plasma amino acids, newborns, feeding 385, 391
  - protein tolerance, very low birth weight infants 597
- Osteogenesis imperfecta 353
- Otitis, otalgia 705
- Pharmacology**
- chlorpromazine, hypoxia, newborns 301
  - coproheptadine, insulin, glucose 485
  - diphenylhydantoin intoxication, detoxification 665
  - diphenylhydantoin, diabetes mellitus 523
  - emepronium bromide, oesophageal ulcerations 513
  - immunosuppressive treatment, i.t.p. 467
  - indomethacin, necrotizing enterocolitis 1031
  - phenobarbitone, sedation in newborns, hypertension 537
  - primidone, pharmacokinetics 301
- Phototherapy**
- bronze baby syndrome 409, 415
  - efficiency, bilirubin concentration 293
  - primary bile acids 763
- Premature and low birth weight infants**
- adrenal and testicular function, prenatal dexamethasone 425
  - auditory brainstem responses 711
  - enteroinsular hormone feeding 379
  - erythropoiesis, thrombopoiesis, regulation 769
  - erythropoietin 75
  - gastric and duodenal content, osmolality 799

- hyaline membrane disease, intraventricular hemorrhage 79  
hypertensive peaks, intraventricular hemorrhage 537  
immunoreactive trypsin in blood 849  
intraventricular hemorrhage, transcephalic impedance 375  
kallikrein-kinin system, respiratory distress syndrome 965  
laryngeal chemoreflex 969  
lipid administration, glucose homeostasis 923  
milk fat bolus obstruction 691  
mineralization defects, deciduous teeth 727  
neonatal morbidity, nutritional status 437  
peripheral artery catheters 323  
plasma copper 421  
protein tolerance 597  
**Psychiatry and Psychology**  
sleep behaviour 501  
somnambulism 495
- Respiratory system**  
asphyxia and Caesarean section, newborns 403  
cardiorespiratory function, physical training 987  
histamine, serum concentrations 663  
hyaline membrane disease, intraventricular hemorrhage 79  
interstitial emphysema 151  
kallikrein-kinin system, RDS 965  
laryngeal chemoreflex 969  
lung biopsy 717  
oxygen uptake, blind children, physical activity 603  
pneumomediastinum, cyclical vomiting 675  
pulmonary consequences, oesophageal atresia 973  
respiration, control of before and after birth 529
- Rheumatoid arthritis  
  antinuclear antibodies, iridocyclitis 615
- Shwachman's syndrome 677  
Silver-Russell syndrome 1035  
Seitelberger's disease 1045  
**Social paediatrics**  
  children of alcoholic fathers 809  
  smoking habits, Danish children 131  
  sudden infant death 183  
**Sudden infant death** 183  
**Surgery**  
  cystitis cystica 247  
  oesophageal atresia 973  
  omental and mesenteric cysts 227
- Teeth, mineralization defects** 727
- Trace metals**  
  cystic fibrosis 203  
  plasma copper, foetal malnutrition 421  
  serum zinc 321  
  zinc and copper, hair infant feeding 785
- Tumour**  
  chloroma of the mandible 1040  
  Hodgkin's disease, herpes zoster, varicella 269  
  neural crest tumours 721
- Vaccination**  
  pneumococcal, failure in a splenectomized child 331  
  pneumococcal capsular polysaccharides, splenectomy 451
- Vitamins**  
  vitamin D metabolism, hypophosphatasia 517
- Virology**  
  cytomegalovirus infection 109  
  herpes zoster, varicella, Hodgkin's disease 269
